

*Air Vanuatu*

# Tourism readiness plan

In the earth of COVID-19 / October 2020

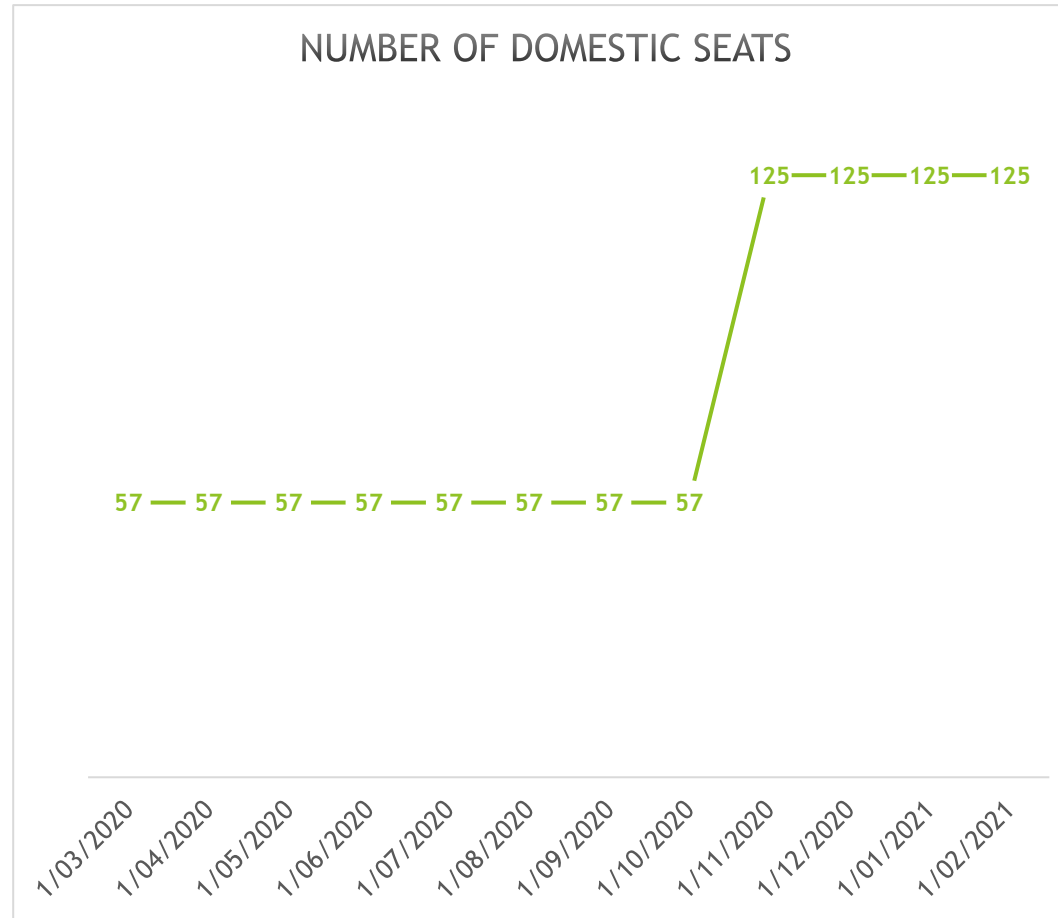

## Air Vanuatu survival protocol

- Massive reduction of employee number
- Salary cuts
- Protection and preservation of strategic competencies
- Strong Governmental support

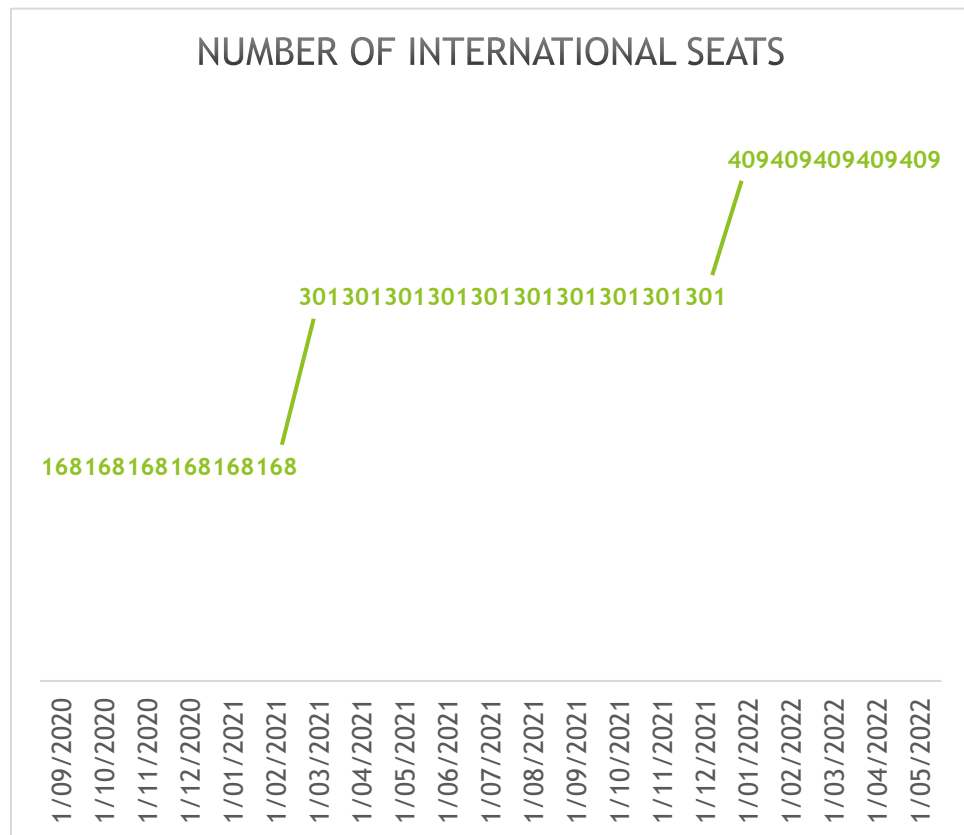

# ATR return

The ATR will return in November 2020 after a very long heavy maintenance

Note: This might take one or even 2 additional months due to quarantine constraints in Australia / Vanuatu

# Getting ready to re-opening

The number of international seats will drastically increase over the coming months

The current and under-utilised 168-pax capacity will reach 301 (+79%) in March 2021, and 409 (+143%) by 2022.

# Strengthening the future

The long term development strategy includes

- Improved and modernised domestic network including Santo / Tanna / Longana / Lonorore / Motalava / Norsup operated with ATRs
- New international markets connections to Singapore / Hong Kong / Seoul
